

Alexandria Gazette

VOLUME CX.-NO. 223

ALEXANDRIA, VA. TUESDAY EVENING, SEPTEMBER 28, 1909.

PRICE 2 CENTS

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, liver complaint, torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultant, as bronchitis, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bertholow, of Jefferson Med. College; Prof. Finley, of University of Pa.; Prof. Fink, of Chicago; Prof. John King, M. D., of Cincinnati; Prof. John St. Souder, M. D., of Cincinnati; Prof. Edwin M. Clark, M. D., of Hahnemann Med. College, Chicago, and scores of others, all of whom are eminent in their several branches of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such powerful endorsement—more than any number of ordinary testimonials. Open publicity of its formula is the best possible guarantee of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. It is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. E. V. Pierce, Buffalo, N. Y.

[Entered at the Postoffice of Alexandria, Virginia, as second-class matter.]

EARTHQUAKES PREDICTED.

Frank A. Perret, the American volcanologist, who arrived at Messina yesterday, believes that part of the world will again be the scene of seismic disturbances. Mr Perret said:
"Wednesday, September 29, is the date most favorable for earthquakes or eruptions. At that time the sun, earth, and the moon are in line with each other and the moon also is at her nearest approach to the earth. This combination occurs frequently, tending to produce gravitational distortion of the earth's form, namely to change the earth from a sphere to a spheroid. This extra strain often acts upon the weak spots in the earth's crust causing them to give way and thus producing earthquakes or volcanic eruptions."
"On Wednesday it happens that the planet Mars also is nearest to the earth and also almost directly in line with the earth, sun, and moon, while Saturn is not far from the same line. Jupiter, although far on the other side of the sun, is also in line with the earth. It is true that the effect of these planets is very much less than that of the sun and the moon, but when their effect is added the strain will be greater than usual."
"Thus, I consider that Tuesday, Wednesday, and Thursday next will be very dangerous. Possibly nothing very special will occur, but this will simply mean that the earth has resisted the danger that nevertheless existed."

CHILDREN IN A PANIC.

Terrified by Black Hand stories, 1,000 children stampeded in a Polish parochial school in Jersey City yesterday when fireworks were set off in the street below, and in the mad rush for the doors 14 were crushed, one so seriously that death probably will result.
The schoolhouse, a three-story brick building, is a stone's throw from an Italian church, which had obtained a permit to set off fireworks during a church celebration yesterday. A rumor got out last week among the children in lower Jersey City schools that threats had been made to blow up the schools with dynamite. The children of St. Anthony's school have been particularly nervous about it, and when the bomb went off suddenly yesterday they ran shrieking from their recitation rooms into the hall and down the stairways. There are two street doorways, but one of them was closed. At the closed entrance there occurred a disastrous jam. Here several of the smaller children were trampled into unconsciousness, while others ran back into the building and sprang through open windows 15 feet to an area-way below.
Police and passersby, attracted by the cries, rushed to the scene, but order was not restored until 14 children had been seriously hurt.

NEW METHOD OF CONCRETE HOUSE CONSTRUCTION.

A new method of combining reinforcing and concrete in the building of concrete houses is described with illustration in the October number of Popular Mechanics. It is an entirely original combination of steel tubing, wire, malleable fittings and concrete, and with the exception of piers, the concrete is not depended on to carry any of the load, but is used only as stiffener or body to the building.
The entire framework can be erected before the concrete work is started, making it possible to inspect the position and quality of the steel and to erect a building in much shorter time than is required by other methods. No forms or centering are required, which is another great advantage.

GENTS' FURNISHINGS.

Renewed Life.
